

THE SPARK PLUG

Virginia Automotive Association's Twice Monthly Member Update

VAA PUBLICATIONS

Our new website is up and running! Have you explored it yet?

A new feature of the website is an internal database of publications which includes newsletters (Virginia Automotive Report), Spark Plugs and VAA features such as cobranded literature.

Harassment claims continue to plague employers. SESCO shares guidance for determining what constitutes harassment, strategies to reduce the risk of harassment in the workplace and client feedback in their latest newsletter *The SESCO Report*.

The SESCO Report, a cobranded newsletter between the VAA and SESCO is available on the publications section of our new website. For more information and to read the latest newsletter, visit <https://www.vaauto.org/publications> or [click here](#).
